

Mason Hainey

Salt Lake City, UT | mason_hainey@yahoo.com | (760) 402-8655 | [My LinkedIn](#)

EDUCATION

- **University of Utah — Bachelor of Science in Finance**
Expected June 2028 Graduate | Junior Standing (Fall 2026)
Relevant Involvement: Crimson Quant Club, FinTech Club, Wealth Management & Investing Club, Accounting Club, Entrepreneur Club

PROJECTS

- **Personal Equity Portfolio Analysis | Independent Project | 2022 – Present**
 - Independently managed and tracked a personal equity portfolio beginning with an initial \$500 investment
 - Researched companies, market trends, and business fundamentals to support long-term investment decisions
 - Developed familiarity with equity valuation concepts, sector analysis, volatility, and portfolio monitoring
 - Built investment theses through continuous market observation and self-directed financial research

EXPERIENCE

- **Mission Assurance Team Member | NASA L'SPACE | Remote | Sept 2026 – Present**
 - Collaborate with a multidisciplinary team to develop a NASA-style mission concept through the Mission Concept Academy
 - Support mission assurance through risk assessment, project assurance, and technical decision-making
 - Contribute to identifying potential mission risks and developing mitigation strategies throughout the mission-planning process
- **Data Analytics Intern | The Global Career Accelerator | Remote | May 2026 – August 2026**
 - Built proficiency in data visualization, PivotTables, dashboard creation, and analytical storytelling
 - Analyzed real-world datasets using Excel and analytical frameworks to identify trends, evaluate performance metrics, and support business recommendations
 - Analyzed BART ridership records to identify weekday commuting patterns and high-volume transit usage trends for operational insights
 - Analyzed 6,000+ trending YouTube videos to identify engagement drivers and develop data-driven content strategy recommendations
- **Food Runner / Busser | Amalfi Cucina Italiana | San Marcos, CA | May 2025 – August 2026**
 - Supported operations in a high-volume, award-winning dining environment recognized by San Diego Magazine
 - Maintained cleanliness, organization, and presentation standards with strong attention to detail
 - Collaborated with servers and kitchen staff to ensure efficient service flow and positive guest experiences
